Attestation of Conformity No. 109589

This Screen Continuity ISO/IEC, EN & TIA/EIA Connecting Hardware having board identification "HS000 97AA G7 C5E C6" has been tested by 3P Third Party Testing and complies with the Category 5 transmission requirements of 2nd edition ISO/IEC Generic Cabling Standard 11801 and CENELEC Generic Cabling Standard EN 50173-1:2007, and the Category 5e transmission requirements of ANSI/TIA/EIA Generic Cabling Standard 568-B.2 and IEC Connecting Hardware Standard 60603-7-3. The connecting hardware has only been specified for screen continuity and screening performance has therefore not been verified. The mated pair requirements are passed using the complete specified de-embedded range of RJ 45 plugs. The Attestation of Conformity is valid for the actually tested connecting hardware samples and no verification of the running production is performed.
